VOL. LIX: No. 42. REDWOOD CITY, CALIFORNIA, SATURDAY, JANUARY 17, 1920 ESTABLISHED 1859

F. & A. M. INSTALL THEIR OFFICERS

Redwood City Lodge, No. 168, F. and A. M., began their new year last Friday night, most auspiciously.

One hundred thirty members of the order sat down to a bountiful chicken dinner prepared by that prince of chefs, Mary Ryan and a corps of able assistants. The dining room was most beautifully decorated by Mr. Willard Tyler with the assistance of several of the brethren.

The officers whose names were given in last week's issue of this paper were installed by the retiring Master Harry Potts in a most impressive manner. Past Master J. E. Ensor acted as Master of Ceremonies. After the installation exercises Mr. Chas. H. Merrill presented the retiring Master with a beautiful embroidered Past Master's apron as the gift of the members who had been admitted into the lodge during the past year. Mr. Potts, with great feeling made a speech of acceptance after which Past Master Ben Zimmerman presented Mr. Potts with a diamond studded Past Master's jewel and for which the recipient treeley thanked the lodge.

Mr. Ed. Dearborn who will serve as Master this year has the prospect of a fine year as there is much Masonic work ahead of him.

160 ACRES OF FINE LAND AND TIMBER SOLD THIS WEEK

W. R. Bloom, the local capitalist, on Thursday disposed of his mill and timbel claim of 160 acres of land at Harrison on the Pescadero creek to Mr. Camp, a Boston millionaire. Mr. Camp will begin at once to manufacture lumber. Mr. Bloom had a splendid equipment at the mill and this has also been purchased by Mr. Camp. The claim has several million feet of redwood lumber on it besides a large quantity of pine trees.

Mr. Bloom, a short time ago disposed of his large ranches in Iowa for $250,000.

VISIT OF SAMUEL W. BEAN TO THE HIGH SCHOOL

On Wednesday at 1 p. m. Samuel W. Bean accompanied by a friend who could hear and see a little gave a short talk at the high school. He is selling a poem, "Light in Darkness," dedicated to the teacher, Miss Mary White Eastman, who at the blind institute did most to educate him. With the proceeds he hopes to be able to open a small shop in Alameda to make brooms and to employ those who are partly or wholly blind as workmen. Pupils and teachers bought enough books to amount to $20 and sent him on his way rejoicing.

He certainly deserves help from the public in his worthy enterprise. It would be so much easier to make a living as a beggar on some sidewalk in San Francisco or Oakland; but to attempt to make an honest living by work, handicapped as he is, is a great credit to the young man, who was born in Redwood and lived here till eight years old. Every high school in the Bay Region can afford to hear him and help him for the wholesome effect it will have on the youth who are whole in body and have all their faculties. They can learn a lesson in courage and devotion from this young man who has no thought of sitting down and being supported without work.

S. P. McCREA.

The plaintiff asks for the custody of the minors, costs of suit, alimony and attorney fees.

MEMBERS OF FIRST CONGREGATIONAL WERE BANQUETED

It has become quite the proper thing in Redwood City for the men of the different organizations to prepare most wonderful repasts and serve them not only to the gentlemen but to the lady members as well.

On Thursday evening Mr. C. M. Doxsee with the able assistance of Caswell Sweet and Donald Williams, prepared a dinner consisting of a specially selected menu for the members of the First Congregational church. The affair was a prelude to the 55th annual meeting of the church and the waiters were all from the male membership of the organization. It is needless to say that everything was greatly enjoyed and although Dr. J. H. P. Dykes was present all evening his services were not required by a single one of the 103 diners.

At the business meeting which followed the dinner the reports of the different church activities were given and each showed that wonderfully fine work had been done. During the year $2,566.95 was given to the church and $2,539.05 of this was used for pastor's salary and running expenses. In addition to this $995.90 was raised and given for charity and missions.

The church had at the last meeting a membership of 257. During the year 26 new members were added and four died, making 279 members or a net gain of 22. There were 13 baptisms.

The report of the Sunday school shows that that organization is in a most excellent condition as is also the Christian Endeavor Society.

The report of the pastor, Rev. C. H. Stevens was to the effect that everything was going as it should and that the membership at large was giving him the most loyal support.

It was decided by a unanimous vote that the church would undertake the erection of a new building in the spriny of 1921 when the funds heretofore pledged have been collected.

The following officers were elected: Trustees for two years—Donald M. Williams, L. P. Behrens and Frank K. Towne. Deacons—Donald McKenzie and Henry Martens. Deaconesses—Mrs. E. R. Whitehead and Mrs. Frank Blomquist; clerk, W. A. Carrington, head usher, J. M. Graybiehl; chairman decorating committee, Louis Behrens; chairman flower committee and superintendent of cradel roll, Mrs. J. L. Pipkin.

Mrs. Curry has been working under the disadvantage of a short-time lease which could be revoked at the end of any year. Now that a long lease has been given she will put in many improvements, the expense of which were not justified before.

MRS LUCY CROWE PASSED AWAY

Mrs. Lucy Crowe, widow of the late James Crowe, passed into the great beyond last Saturday evening, after an illness of several weeks. She had passed her four score years and would have been 81 years of age had she lived till February 28th next.

Mrs. Crowe was born in Jamacia, West Indies and was the daughter of Rev. W. Ritchie, a Methodist missionary. She spent her girlhood in England where she received her education. As a young woman she went to Canada and there met James Crowe a young carpenter. They were married in Bellville, Canada and spent the first years of their married life in Kingston.

In 1868 Mr. Crowe came to California and located almost immediately in Redwood City, where he secured employment at his trade. He was soon joined by Mrs. Crowe and they made their home here from that time.

In the early seventies Mr. Crowe entered the undertaking business which he conducted until his death.

Several daughters and one son were born to bless the union and the Crowe home was one of the happiest and pleasantest that has ever blessed this community. Both Mr. and Mrs. Crowe were public spirited and progressive citizens and their many acts of kindness made them known to everyone in this section. Their pet charity was St. Peters Episcopal church and it was because of their largess that the little red church has been able to continue its existence. Mrs. Crowe was an accomplished musician and for years was church organist.

Mr. Crowe's death occurred seven years ago, shortly after the death of their only son, Will.

Although Mrs. Crowe had attained advanced age she was a young appearing woman and up to her last illness would have been taken for a much younger woman than she was. She had always been a companion for her daughters and delighted in taking trips with them and entering upon all of their activities. She leaves to mourn her death four daughters, Mrs. Belle Wentworth, of Oakland; Mrs. Max Brizard, of Burlingame; and the Misses Alice and Kittie Crowe, of Redwood City. Two grand children also survive; they are: Mrs. Margery Leach of Berkeley and James Crowe of Angels Camp.

The funeral was held Tuesday at the home at 9:30, a short service was conducted by Rev. C. H. Stevens, after which the remains were taken to Cypress Lawn chapel where the services of the Episcopal church were conducted by Rev. William A. Brewer of Burlingame who is an old friend of the family.

The interment followed and she was laid to rest beside her husband who had been her companion for so many years. Mr. Brewer's remarks touched upon the sweetness of Mrs. Crowe's life and he told of her many acts of throughtfulness and of the pleasure she had given to others. Her thoughts had never been for herself but for those who were near and dear to her.

In the passing of Mrs. Crowe, Redwood City has lost another of its pioneers. She was a devout mother, a true friend and a good christian.

CITY BOARD ACTS ON PROPOSITION OF CITY WHARF

The Board of Town Trustees held a special meeting last Wednesday evening for the purpose of accepting or rejecting the agreement between the S. H. Frank Tanning company and the Town of Redwood City, whereby the city will become the owner of the Peninsula Dock and Warehouse property, in return for which the Town agrees to build a spur track, and the Government in turn will be asked to dredge the channel as far as Holder street.

The harbor committee of the Chamber of Commerce had been invited to attend this meeting for the purpose of advising with the board on the different phases of the situation involved in this agreement, the members of the harbor committee spoke in favor of acceptance, urging the Board to take possession of the warehouse property at once and to go on record as favoring the calling of a bond issue for the building of the spur track at an early date. It developed during the discussion that Congressman Hersman had sent two telegrams asking that data relative to the agreement and the action of the Board of Trustees on the agreement, be sent to him at once that he might properly present the Redwood claim to deep water to the committee of Congress that the necessary appropriations may be made and the much needeed work done. The Board accepted the agreement by motion made and seconded, also by motion decided to take possession of the warehouse property, and henceforth the Peninsula Dock and Warehouse will bear the much more interesting and imposing name "Municipal Dock." It remains to be seen, if Congressman Hersman, on the strength of what has been done, can get Congress to make the necessary appropriation or if Congress will insist that the spur track be built before appropriations are made at all event the Board of Trustees as well as the harbor committee have done all they can do at this time.

DEATH OF JOHN BARLEYCORN

John Barleycorn breathed his last at 12:15 this morning after an illness of over two years caused by Agitation. In his time millions paid tribute to him, but now he is gone never to live again in the United States. He will be mourned by a few but thousands will rejoice that he has gone to the land where the wicked cease from troubling, for he has caused more misery in the world during his time than any other agency that ever existed. We can't say peace be unto his ashes, for his wickedness and the wrongs he did in life would not permit of that. He has sent many on the road to ruin.

There is no one that can speak a kind word for him, he had no fine traits of character. He made men convivial and then robbed of their brains. John was the representative of Satan on earth doing his master's work well. In this he will receive his reward by dwelling in the mansion of the ruler of the firery regions for all eternity.

THE SCHOOL ROOM QUESTION

It is one thing for San Jose to plan sending pupils from that city to the Palo Alto Union high school if congestion at the county seat cannot be relieved by passage of the $1,000,000 school bond issue, and quite another for them to be received in the school here. True, the state law permits students from one county to attend in another county, but there would first have to be room in the Palo Alto school. From all evidences, the school here has the same worry as San Jose—wondering how it can manage to accommodate the pupils from its own district.

The school room question is one that the trustees of Sequoia Union high school will have to soon grapple with. The school has a capacity of 200 pupils and already 165 have enrolled. The assembly hall is now in adequate for the demands made upon it. Every room is occupied. Every available space is taken. It is only a mattter of a year or so when additional buildings will have to be provided. The whole peninsula is growing at such a rapid rate that it is almost impossible to provide school facilities for the increasing number of pupils. Those building school houses for the future should make adequate provisions.

DEMOCRATIC CONVENTION FOR SAN FRANCISCO

The selection of San Francisco as the meeting place of the National Democratic convention is a source of joy to everyone residing on the Pacific coast. The bringing together of thousands of delegates from all over the country to San Francisco means much to the west.

The great possibilities of development of the western country will be seen by the visitors who will realize the opportunities afforded by the Pacific coast. The peninsula is certain to fare well in this big convention for thousands will spend some time enjoying its beauties, scenery and climate. Delegates will come out of the sweltering east to enjoy the balmy breezes of the bay region. They will return to their home with enthusiastic accounts of the great west. California could receive no better advertisement than this convention will bring.

S. F. CHRONICLE CELEBRATES FIFTY-NINTH ANNIVERSARY

The San Francisco Chronicle celebrated its fifty-ninth anniversary by publishing a 140-page edition on Wednesday. The birthday issue was a remarkably fine one and pictured all of the industries and advantages of California. The Chronicle was established in 1865 and has always stood for the things that were right and best for California.

BIRTH OF BENJAMIN FRANKLIN

Today is Benjamin Franklin's birthday. In hundreds of school rooms throughout the West his life and deeds and teachings will be reviewed and the lessons and philosophy which he expounded will be impressed on the minds of the children of the twentieth century—a century whose greatest need, perhaps, is to follow the way marked out by this "First American" nearly two hundred years ago. For the nation which Benjamin Franklin helped build is saddled with the greatest debt in its history, $26,000,000,000.

Benjamin Franklin was born January 17, 1706. He lived to be 84 years old, and in that span of years he helped write the Declaration of Independence and the Constitution of the United States and rendered perhaps as valuable a service to his young country as any man of his time, save Washington.

Franklin epitomized America—so much so that the Encyclopedia Britanica characterizes him as the "First American." He rose from a poor apprentice printer boy to a position in which the world had to conjure with his name. He was artisan, scholar, diplomat, statesman, scientist, author, American.

Despite all of his accomplishments however, his popular fame today rests on his personal thrift and his thrift philosophy. Today, 214 years after Franklin's birth, America is turning more and more to his way of life, recognizing that the truths he taught are the nation's salvation.

The United States of America, in its Thrift and War Savings program, is really using "Poor Richard's Almanac" as a textbook. Great financial minds of the country have made it plain that "Poor Richard's" philosophy is the only way out of our present day difficulties, such as high prices, for one thing, and social unrest for another. It is the only way to pay for the war. In that conflict we destroyed billions of dollars worth of wealth, and until we restore what we destroyed the world will be short that much. Saving—just the old-fashioned personal thrift and saving taught by Benjamin Franklin is the way out.

That is the philosophy of the United States Thrift and War Savings Stamps and that is why every American citizen should set aside regularly part of his income to buy them.

REDWOOD CITY PEOPLE THANKED FOR SERVICES RENDERED WELFARE WORK

The Welfare and Public Health Service wishes to express its appreciation and thanks to the following:

Dave Flynn, of the Ford agency; Europia Hotel, McKinney cigar store, Sequoia Barber Shop, Sequoia Hotel, Sequoia Candy Store, Duff and Doyle and the Menlo Park Poseoffice, for permitting the milk bottles in their places of business for the collection of pennies for poor crippled children of the county.

MRS. DAVID E. GRAHAM,
Director

The Welfare and Public Health Service of San Mateo County held its regular meeting in San Mateo on Wednesday. The report of work done in San Mateo county for the month of December is as follows:

Five public schools visited.

Number of children weighed and measured 93.

Number fo children examined by nurses and doctor, 239.

Number of children treated in school, 56.

Follow up visits to school children in homes 147.

Visits by nurses to homes for bedside care, dressings, etc., 80.

Eighteen active cases of tuberculosis are being cared for.

Four dental clinics conducted at San Mateo for patients from Menlo Park to Burlingame, 35 patients.

Four dental clinics conducted at Daly City with an attendance of 60 patients.

Four medical clinics held with an attendance of 17 patients.

Eleven cases were taken care of from Redwood City.

The Welfare and Public Health Service is doing the proper sort of "up-lift" work in this county. It helps to keep up the health standard by furnishing medical help and nursing to the poor and needy in cases of sickness.

There always seems to be the question in the public mind: Why don't all people needing aid of every sort apply to the County Authorities? And the answer is, plainly speaking, a person must be practically "down and out" in order to be a subject for ordinary county help.

In most cases such families never get out of the category this places them in. They nearly always lose their standing in their community, and it is hard in all cases to live down the fact that they have had to make a public appeal for aid.

The Welfare and Public Health Service strives to overcome this by giving necessary help in a private way, and so encourage those, who in many cases, are only temporarily in need of help.

THE ELECTRIC LAUNDRY

Eliminates House-Hold Drudgery

Washing and ironing lose heir disagreeable features when done "Electrically."

The back-breaking scrubbing on the wash-board is entirely eliminated. The clothes are placed in the frothy soap-suds in the washing machine. You start the motor and in fifteen or twenty minutes the clothes are clean.

Next the power-driven wringer will help in the wringing and bluing.

The only thing the Electric Washer will not do is hang the clothes on the line.

When ready to iron, the Electric Ironing Machine will do the flat pieces so easily that you will say it is more fun than work.

Provide for these LABOR-SAVING and MONEY-SAVING devices in your plans or consult a wiring contractor about wiring convenient outlets in your present house.

SAN CARLOS NOTES

Mr. and Mrs. Jno. A. Marchant are on a ten day motor trip to the south with San Diego as their objective point.

Mrs. Jack Schroeder was here last week for a visit with her sister, Mrs. Virginia A. Lord.

In response to a communication addressed to them by the San Carlos Community Club the Automobile Association of California through their Secretary-Manager, Mr. D. E. Watkins, have promised their earnest support and co-operation in an effort to put a stop to the reckless and insane driving on the State Highway and other public thoroughfares throughout the state. Mr. Watkins replies in part as follows: "We are most familiar with the conditions existing, not only down the peninsula but throughout other sections of our state, as to the fast and reckless manner in which auto stages are driven. I do not mean to infer by this that other vehicles are not driven in a similar manner as we are absolutely opposed to such driving on the part of any vehicle.

"I might advise that your letter arrived at a time when the personal feeling of our Board is somewhat at high tension on this very subject.

"I am sure some action will be taken at the next meeting of our Committee, after which you will hear from me in connection therewith."

The completion of the Lester A. Conklin residence on Cypress avenue has added one more of the distinctive, picturesque and delightful show places to the residential ditsrict of our little city, and is a great credit to the contractor and builder, Mr. R. P. Hurlbut who also built the San Carlos school which is the credit and pride of the community.

Mrs. Philo S. Johnson and Master Everet have returned to their home at Calistoga after their holiday visit at the Jones and Johnson homes.

THE SUPERVISORS HOLD MEETING

The board of supervisors met in regular session Monday, January 12, 1920, at 10 a. m., there being present Chairman John MacBain, presiding; T. L. Hickey, W. H. Brown, Jos. M. Francis and Dr. C. V. Thompson.

The board received a communication from the California Automobile Association relative to a former communication sent to the supervisors in regard to establishing police auto stations on the State highway in Daly City. Miss Falvey, the deputy clerk, informed the board that at the time the first communication was received an answer was sent stating that the jurisdiction in the granting the permit to establish the station lay in the hands of the Daly City authorities, and that, in accordance with the instructions of the board at that time, the automobile association was informed that they could have permission to establish the stations on the Bay Shore road.

The communication was referred to District Attorney Swart to answer in accordance with the facts as outlined by Miss Falvey.

A communication from Matt A. Harris, resident of Selby Lane, in the Third township and addressed to Chairman MacBain, was read to the board, calling attention to the damage that is being done the highways in the vicinity of the writer's home by tractors. Harris stated in the letter that the tractors are running along the margin of the pavement and cutting down the edges, which in time, he contended, would spoil the roads entirely. He asked that the nuisance be corrected before it is too late.

District Attorney Swart to whom the matter was referred, stated that what Harris said was true, and that the tractors were doing considerable damage to the highways, not alone in the vicinity of Selby Lane, but elsewhere in the county.

On motion of Hickey, seconded by Francis, District Attorney Swart was instructed to notify the traffic officers of the county to enforce the law with regard to the tractors using the highways.

District Attorney Swart informed the board that in connection with his plan, as head of the traffic squad of the county, to put a stop to flagrant violations of the auomobile laws in the county, he ha dused a man on the highway between Redwood City and San Mateo to assist the two traffic officers on that run and fourteen arrests had been made for speeding and cutting in. He said he intended keeping this special work up and in this way hoped to put a stop to reckless driving in the county.

A communication was received from Miss Anne Bell Bailey, county librarian, in which she notified the board of the resignation of iMss Carhelia Duff, assistant in her office, to accept the position of county librarian of Plumas count. Miss Bailey asked permission to name a successor to Miss Duff. Action in the matter was laid over until the next regular meeting.

A second communication was received from Miss Bailey in which she called attention to the fact that three claims for charges in connection with moving her office from the top floor of the court house to the basement of the building recently had been paid out of the library fund. She held that the claims amounting to $124.45, should have been paid out of the general fund and asked that the above amount be transferred from the general fund to the library fund. The request of Miss Bailey was granted, on motion of Francis, seconded by Brown.

The report of the Social Service Commission making recommendations for the granting of aid in a number of cases and withdrawing of aid in other cases, was received, and on motion of Brown, seconded by Francis, was ordered filed.

A communication was received from the State Railroad Commission, notifying the board of a hearing to be held at Montara on January 17, 1920, in the matter of the application of the Montara Realty Development Comany for an order authorizing the sale of the water system of that place. A similar communication in regard to the application of the California Suburban Home Company was received and with the former communication was ordered filed.

Chairman MacBain announced that the term of office of three of the trustees of the Pulgas Mosquito Abatement district had expired, those of W. J. Murray, Menlo Park; Asa Hull, San Carlos; and L. A. Barrett of Belmont.

On motion of Brown, seconded by Francis, all three men were reappointed on the board.

Chairman MacBain next announced that the term of office of the following members of the county social service commission had expired and that it was in order to name their successors: Mrs. E. C. Peck, South San Francisco; Mrs. S. D. Merk, of Burlingame; Mrs. C. M. Morse, San Mateo; Mrs. Charles M. Wood, Redwood City, and John MacBain, Menlo Park.

On motion of Hickey, seconded by Francis, all five commissioners were reappointed by the board to succeed themselves.

Chairman MacBain addressed the board in reference to a small building that had been rented from J. W. Murray of Menlo Park for use as a jail near Camp Fremont. He said that there was still two months rent due Murray, amounting to $30, and that the latter was willing to accept some furniture that was left in the building in lieu of the rent.

This proposal met with the approval of the board, and on motion of Brown, seconded by Thompson, Chairman MacBain was instructed to get Murray to sign the claim covering the amount of the rental.

While paper is advancing rapidly in price there is no need to cut down the amount of your order—there is no relief in sight for at least a year, because the mills have closed down for the winter and may not open until May or June.

87,251 FORDS BUILT IN OCTOBER

Detroit Plant Sets New Record for Production

October was a record breaking month in the Ford Motor Company's home shops in Detroit. Production records showed a total of 87,251 automobiles assembled during the month. The previous record was 83,706 cars for May 1917; whereas the total cars produced during October 1918 was only 9,414.

These figures are especially significant because they so clearly indicate the success that has attended the Ford Company's remarkable transition from the manufacture of war material to those of peace times. Just as soon as the Armistice was signed and cancellation of Government contracts were received, the Ford Motor Company without decreasing the number of its employees bent toward the re-establishment of its pre-war concentrated production, and the 75,000 car increase of October, 1919 over that of October, 1918 tells its own story.

There are now employed in the Ford shops in Detroit approximately 70,000 men, 55,000 of which are working in the main plant in Highland Park.

MORE IMPROVEMENTS FOR THE TIMES-GAZETTE

As we have mentioned before in these columns our aim is to install a modern printing plant. We have installed new presses, a modern binder, which automatically makes the staples from a reel of wire as the book is being bound, several hundred dollars worth of new type and other material. This week two shipments of type were received and the manager of the American Type Founders company informed us that the remainder of the shipment would be forwarded is soon as the goods could be made at the foundry.

An addition to the rear of the present building is soon to be made. With this addition we will be amply provided with room. This will be a stock and bindery room, with ample space for folding tables and the paper cutter.

An automatic feeder for the small presses will be the next addition to the machinery equipment of the office. With this attachment the paper is automatically fed into the presses, which will mean a great saving in time and labor.

MENLO PARK NEWS OF ALL SORTS

Doings at Peninsula Garden Spot As Told in Breezy Style By Our Reporters

Seven crates of high-bred chickens arrived here from San Diego for Mayor James Rolph for his Alpine ranch. Among the number were several game cocks whose ancestors won many battles in the historic cock pits of Old Mexico. Of course Mr. Rolph is not going to send these birds to battle but wants them for breeding purposes.

Charles McCormick has sold his home in the Dominga tract to Sergeant McNiff who did all the wiring for Camp Fremont. He has just retired from the army on a pension, having served the alloted time. He has traveled in all parts of the world for Uncle Sam and decided to locate in Menlo Park. He has resided here for the past two years. The sum of $1600 was paid for the property.

The Altimont Creamery of Palo Alto is doing a big business in Menlo Park. It is selling butter, eggs and home-made ice cream at fair prices and is doing a rushing business. Over sixty per cent of the population are buying these products from the concern.

By the co-operation of all the land owners on the Alameda de Las Pulgas at Menlo Park ornamental trees are being planted along on both sides of that picturesque thoroughfare. It will be one of the attractive drives of the county very soon.

Miss Carmiletta Duff departed on Monday for Quincy, Plumas county, to become the county librarian. Last week she took an examination at Sacramento and passed with flying colors. The state librarian at once appointed her to the position in Plumas county. Miss Duff has been the assistant librarian of this county for over a year. She made a splendid official. Miss Bailey, the librarian, regrets to lose her assistance.

Professor Grant, a teacher in the high school at Mountain View, has leased the J. H. O'Keefe cottage and moved into it on Monday. Mr. F. Kempff who had a lease on the building relinquished it in favor of Mr Grant. The professor came from Connecticut and was recently discharged from the army. He could not get a house at Mountain View. The housing problem on the peninsula is going to be a difficult one during the coming year.

Mrs. L. R. Barney of Atherton celebrated her 91st birthday on January 8 at her Palo Alto residence, 416 Webster street, where a number of friends gathered to wish her the joys of many more birthdays. Tea and refreshments were served, a wonderful birthday cake being the main feature. The hostess presided very graciously in her gown of royal purple and fine old laces. Mrs. Barney came to the Pacific coast around Cape Horn in 1853 from Nantucket. Her one sister and two brothers, both in their late eighties, are still living in Boston.

Frank Krauer and Clementine Bamianovich were married in San Francisco on Monday. Mr. Krauer has conducted a restaurant in the Coxin block for the past three years. Recently he leased the Triumph Cafe building on the conrer of Oak Grove avenue and the highway and will on the first of the month occupy the building.

The J. E. Bennett beautiful home near Santa Cruz avenue has been sold to Mrs. Ford, who has occupied the home for some time.

During the week the commander in charge of the army warehouses at Camp Fremont was instructed to clear the buildings. It will take 100 cars to remove the supplies. It is understood the owners of the property on which the buildings are located will retain the warehouses. He has sold them to a large canning concern. Whether or not they are to remain here or are to be removed to another location is a matter of conjesture.

J. B Leonard returned yesterday from a business trip to Red Bluff. He reports everything dry in that section. The farmers are greatly in need of rain.

Donald Derry recently purchased an attractive and cosy cottage on the highway near North Fair Oaks. He holds a lucrative position with the Union Oil company at Redwood City. Mr. Derry is soon to wed the belle of Beresford.

Irving McKnight has entered his hound "Ione" in the coursing races to take place tomorrow at Dixon. Many will leave here tomorrow to watch the races. The hound is a fleet racer and will win some of the prizes.

The Herbert Fleisshacker home at Atherton is undergoing many repairs. John MacBain is doing the work.

Fred Nessler has been appointed agent for all the principal magazines and has a large number on hand for his patrons.

A card party to be given by the Native Sons and Daughters is announced for February 4. Good prizes will be given. Make no other reservations for that night.

Mrs. George Draycott is critically ill at the Redwood City hospital with an attack of pneumonia.

"Jack" Felly is quite ill at the home of his parents on Oak Grove avenue.

Up to date there has been raised in Mayfield $1,205.00 for building the Catholic parsonage. This sum was raised in about one week. Father Lacombe recognizes Mayfield as an ideal place for location, and preferred Mayfield on account of climate and picturesque natural beauty.

YOUNG PERRY, 19 YEARS CONVICTED OF STATUTORY OFFENSE BY A JURY

George Perry, young son of M. J. Perry, was convicted by a jury in the superior court on Tuesday of the crime of rape committed at Pescadero last June. The jury was out only a short time when it brought in a verdict of guilty. Allan C. Cunha of Oakland defended the young man.

On Thursday afternoon the accused was sentenced by Judge Buck to serve time at the Preston Reform School. He is now 19 years old and will remain until he is 21 unless he is paroled for good behavior.

Mr. Cunha made an eloquent plea for probation for his client, laying stress upon the former good reputation of the young man. The court reviewed the case in passing sentence. He would like to grant the young man probation but the character of the crime and the fact that a jury found him guilty he could not let him go. Society demanded that some punishment should be meted out to him. The judge spoke feelingly of the high standing of his parents in the county and of his own good reputation at Pescadero before the commission of the crime. This was taken into consideration in passing sentence.

MISS LUELLA BEHRENS ANNOUNCES BETROTHAL

Formal announcement has just been made of the engagement of Miss Luella Eva Behrens, only daughter of Mr. and Mrs. L. P. Behrens of Redwood City, to Lieutenant Frank Allen a graduate of the University of Washington and formerly an army officer at Camp Fremont. The betrothal of the young couple culminates a romance which began while Lieutenant Allen was stationed at the Menlo Park cantonment.

The engagement was announced at a sorority tea given at Stanford university, to which a number of the friends of the bride-to-be were invited.

The bride-to-be is a pretty and accomplished young woman, a graduate of Stanford, and continued her studies in the East, for some time. Her father is president of the First National Bank of San Mateo County. The young lady has one brother, Louis Behrens.

No date has been set for the wedding but the couple plan to make their home in Seattle, where Allen is in business.

NO STRIKE AT RUNNYMEDE

The hens of Runnymede ,the prosperous section of San Mateo county, do not belong to any union. Some one among the feathered tribe may unionize them however, and who knows that in the near future they will go on a strike when the public sorely needs their product. Be that as it may the hens are at present working over-time. The hens believe in daylight saving, at least they are camouflaged in thinking they are getting it.

Poultrymen here have installed electric lights in the pens, which they turn on in the evening and again at 3 o'clock in the morning.

By thus lengthening the day for the hens, the feeding period is made longer, and a proportionate increase in the egg production is the result.

The experiment has been tried out successfully, and results in a daily egg harvest of 60 per cent of normal nothwithstanding that most of the hens are now moulting.

MRS GASPARINE V. NAILLEN IS VERY ILL IN OAKLAND

Mrs. Gasparine Vander Naillen, mother of Mrs. J. J. Bullock, is at the point of death in a hospital at Oakland. Some time ago her hip was fractured in a fall and last week pneumonia developed which is likely to result in the death of the aged lady who has passed her eighty-second birthday.

Mrs. Vander Naillen was recently decorated by the queen of Belgium for her services rendered Belgium during the war. She is a native of that country. Her husband, who is at her bedside, is 80 years old and he also was decorated by the king of Belgium.

BEATRICE DUARTE BRINGS ACTION FOR DIVORCE
